

## ‘Initiatives against Cyberbullying and Hate in Social Media’

Project No: 2019-1-CY02-KA205-001537

### Newsletter 1

‘Initiatives against Cyberbullying and Hate in Social Media’ is an Erasmus+ project which gives an overview of the current situation regarding cyberbullying and hate speech in the partners’ countries (Cyprus, Austria, Slovenia and Slovakia). So far, the project’s consortium has had two Partner Meetings, one in October 2019 and one in March 2020. During those meetings, the partners exchanged good practices and measures for preventing and addressing cyberbullying and hate speech. As a result, a Catalogue named “Initiatives Against Cyberbullying and Hate in Social Media” is currently being compiled. In addition, an online forum is being developed, which will work as a means of exchanging ideas, suggestions and good practices.

For more information visit the project’s Facebook page and Website:
